This month the news is all about us- yep a few things you should know about TCRM!TCRM as a business is now in its fifth year. When it all began we had a big dream! We wanted to develop a business class solution for building web sites that are technically clever, standards and cross browser compliant and look great.Well, it's been a journey. Every web site we have built has been better than the last and the day has finally arrived that all the bits are now in place. Content management systems, SEO systems, site layouts, site builds, hosting, visual design, usability are all the best in class. You can see this by searching for us on Google.We are in the top three results for web design Bridgend, web design Porthcawl, web design Pencoed, web design Neath and web design Pontypool We are not number one for web design London yet, but we know how we can be.As a special offer for this month (October) we are offering a 10% commission on all leads resulting in orders. So if you know someone who is thinking about a new web site or refreshing their current site, introduce them to TCRM and earn some cash.Have a great month and enjoy the sunTCRM
