It's very difficult to mention anything else but the election, but as I type there appears to be no news on the election front, still no one in charge. Our local constituency result was - No Change, Swansea east - No Change, Swansea west - No Change, Neath - No Change. There appears to be a bit of a pattern. I did hear a funnyish story in that there is to be a government enquiry on the problems of people not being able to vote due to queues - Seems to me we need a Government before we can do that and that may be some time away. Of course we are apolitical in TCRM, we believe as long as we continue to supply great web sites at a great price our future is rosy, so if your need some spice added to your web presence call us on 01656 655669 or you can email the team. STOP PRESS We have a new government, yahoo It seems a con/lib pact is what we want. I wonder if my tax will go down? I wonder if the rates will go down. I wonder if petrol is going to get cheaper? Perhaps we better keep to building great web sites and forget the fortune telling.
